U. S. Department of Agriculture

POST OFFICE BOX 314
VALLEY CENTER, CALIFORNIA

GREETINGS FOR 1958

We take great pleasure in presenting this list of for your approval. You will find many new varieties added. Also, after many years of hybridizing and selecting of the best seedlings, we have decided to introduce four of our own new creations. We hope you will like them too.

Our winters are cold enough to assure hardy rhizomes and the warm dry summers harden them for shipping and transplanting. Many have written how pleased they were with the results of the plants they received from us.

May we take this opportunity to thank our many customers for their splendid orders, and those who have written to us expressing their satisfaction and thanks for the extras. I wish we could answer all of you personally. If you have not already done so, won't you send us a trial order and then join our list of satisfied customers? We are growing each year and it is you, our customers, who have made it possible. We are still small enough though that each order receives my personal inspection.

Visitors are always welcome, but a special invitation to you at IRIS BLOOM-ING TIME, April and May, with our peak bloom about May 1st.

Valley Center is 9 miles N.E. of Escondido, on the road to Mt. Palomar, where the famous observatory is located. We are on the main road . . . just look for our sign.

Sincerely,

MRS. FRANCES J. LAWSON.

TERMS OF SALE

CASH with order, check, draft or money order. No C.O.D. shipment.

CALIFORNIA residents please add 4 % sales tax.

POSTAGE PAID on orders of \$5.00 or more. On smaller orders add 50c to help with the expense of packing and postage.

VERY SPECIAL POSTAGE OFFER—If you will send \$1.00 toward postage, we will include with your order iris listed at \$3.00 or more.

EXTRAS—choose your own. On orders of \$10.00 or more, not including the Collections and special offers, you may choose free extra iris up to one-half of the value of your order, that is for a \$10.00 order select an additional \$5.00 worth free, for a \$20.00 order select \$10.00

worth free and so on. But please add several alternates as we may be short on some items. On orders for less than \$10.00 please suggest some extras you would like and if possible we will choose from your list or send some similar variety. We want to be generous so will include free gift iris with all orders.

SPECIAL BONUS: On all orders postmarked before June 15, 1958, you may select iris worth 10% of your order as an extra bonus. This special bonus applies to all orders including the Collections, etc. So get your order in early, win the extra free iris and avoid the possibility of our being sold out, as some varieties are in short supply. Please list several extra varieties which we may substitute if necessary.

1958 INTRODUCTIONS

IRIS CULTURE

Iris are easy to plant and require a minimum of care. They will do well in almost any sunny, well drained spot. Spread the roots and plant so the rhizome is just barely covered with soil. The soil should be kept moist until the plant is well established, then will withstand drought and neglect, but respond bountifully to proper care and culture. Bone meal may be worked into the soil before planting, a small handful to each plant, or used as a side dressing once a year. Be careful if you use fertilizers, not to let it come in contact with the rhizome, as it may cause rot. Since iris multiply rapidly, planting should be spaced from 12 to 18 inches apart to allow for proper ventilation. Divide them about every three years for best results.

- GENERAL LIST -

| ADMIRAL NIMITZ (Graves '48) Fine large white |
|---|
| with bright gold beard |
| yellow |
| AIRY MISS (Linse '55) Broad and flaring red- violet |
| AL BORAK (DeForest '52) A wide, horizontal |
| ALDURA (Larsen '43) Large blue and white plicata |
| heavily crimped and fluted edges. The stand ards and hafts are Empire yellow, the falls are white with a bright yellow beard. Fertile both ways |
| pinkish rose and gold |
| ALTAMOHR (Paul '48) Large orchid violet on- cobred |
| AMANDINE (Douglas '46) Late, large and ruffled light cream |
| in olive-ocre, flecked bluish green and veined |
| AMULETTÉ (Sass '53) Orange buff with violet flush on the falls |
| with lighter falls |
| red with ruffling and good branching. An eye catcher and good addition to the red class 20.00 |
| at the hafts |
| branched apricot salmon |
| cient brown won the Dykes Medal in 1952 |
| ASKALON (Jory '49) Lavender bicolor flushed yellow on the falls |

MINIATURE IRIS

Here the ideal is small flowers, gracefully arranged on slender stems, and they are much used in flower arrangements. They are also useful in the rock garden and for border plantings. Most of the rhizomes are small. Height 15" to 28".
